

Year after year, the experts honor us as America's #1.

Every year since we opened The Palace at Coral Gables, the judges for the nation's top senior living awards have honored us as the best in America.

Again this year, The National Association of Home Builders noted Palace Group co-founder and owner Helen Shaham as Developer of the Year, and the team behind our new Palace Gardens – Kamlesh Taank, Tom Ben-David and Alon Ben-David – for the best new senior community opening in 2016.

Another outstanding year for our outstanding team.
